PARTNERSHIP & COLLABORATION INVITATION

SOULSCRIPTZ BOOK BANK

GIVING EVERY BOOK A SECOND STORY.

To: Organisations, Businesses, Schools, Community Groups, Charities, Care Settings, Educational & Rehabilitation Services, and Potential Strategic Partners

Dear Sir/Madam,

AN INVITATION TO WORK TOGETHER

I am writing on behalf of **SoulScriptz Publishing** to introduce the **SoulScriptz Book Bank** — a community initiative we are developing around one simple belief: **every book deserves the opportunity to have a second story.**

The Book Bank is designed to collect quality unwanted and pre-loved books, sort them responsibly and help redistribute suitable books to organisations and communities where they can be read, shared and valued. Potential destinations may include schools, community organisations, care settings, youth and literacy projects, educational initiatives and appropriate rehabilitation-focused programmes.

We are inviting organisations of all kinds to explore how they could **work with SoulScriptz**. This is not simply a request for a one-off donation; we want to build practical, long-term relationships that create opportunities for collaboration.

WHY THE BOOK BANK MATTERS

A book that is no longer needed by one person can become a valuable resource for another. The Book Bank aims to help increase access to reading material, support literacy and learning, encourage responsible reuse and strengthen community connections.

HOW ORGANISATIONS CAN GET INVOLVED

COLLECTION POINT	Host an agreed SoulScriptz Book Bank collection point at a suitable workplace, school, venue or community location.
BOOK DONATION	Donate quality books from your organisation, staff, members, customers or community network.
COMMUNITY PARTNER	Help identify appropriate local needs, recipients or opportunities for book distribution.
EDUCATION PARTNER	Explore opportunities around reading, literacy, writing and storytelling initiatives.
RESOURCE / IN-KIND PARTNER	Contribute practical support such as transport, storage, printing, packaging, venues or professional expertise.
STRATEGIC PARTNER	Work with SoulScriptz on the development of wider Book Bank projects, campaigns or community initiatives.

A PARTNERSHIP TAILORED TO YOU

Every organisation is different. Your involvement could be as simple as donating books or hosting a collection point, or it could develop into a broader collaboration supporting a defined project, operational need or annual community programme. We would welcome a conversation about what is realistic and appropriate for your organisation.

MEASURING WHAT WE DO

As the initiative develops, SoulScriptz intends to monitor appropriate measures such as books collected, books redistributed, collection points established, organisations supported and partnerships created. Our aim is to communicate **real activity and verified outcomes**, rather than make unsupported claims.

LET'S EXPLORE WHAT WE COULD BUILD TOGETHER

We would welcome the opportunity to speak with your organisation about the SoulScriptz Book Bank and explore whether there is a practical way for us to collaborate. Further information is available in our **SoulScriptz Partnership & Collaboration Proposal**.

Giving Every Book a Second Story.

Yours faithfully,

Aaron Nathan Grossman
